QUALITY

Stelfast Inc. is your source for the highest quality fasteners available in today's market. With quality control Labs located in the US, Canada and Taiwan, we ensure all products manufactured meet and exceed customer expectations and requirements. With our state of the art testing equipment, ISO 9001 procedures, CNLA Accreditation (Taiwan) and experienced engineering staff, you can rest assured parts will arrive per specification and on-time... guaranteed. Our Optical Laser Sorting Equipment ensures exceptionally low ppm levels which allows production to continue without interruptions.

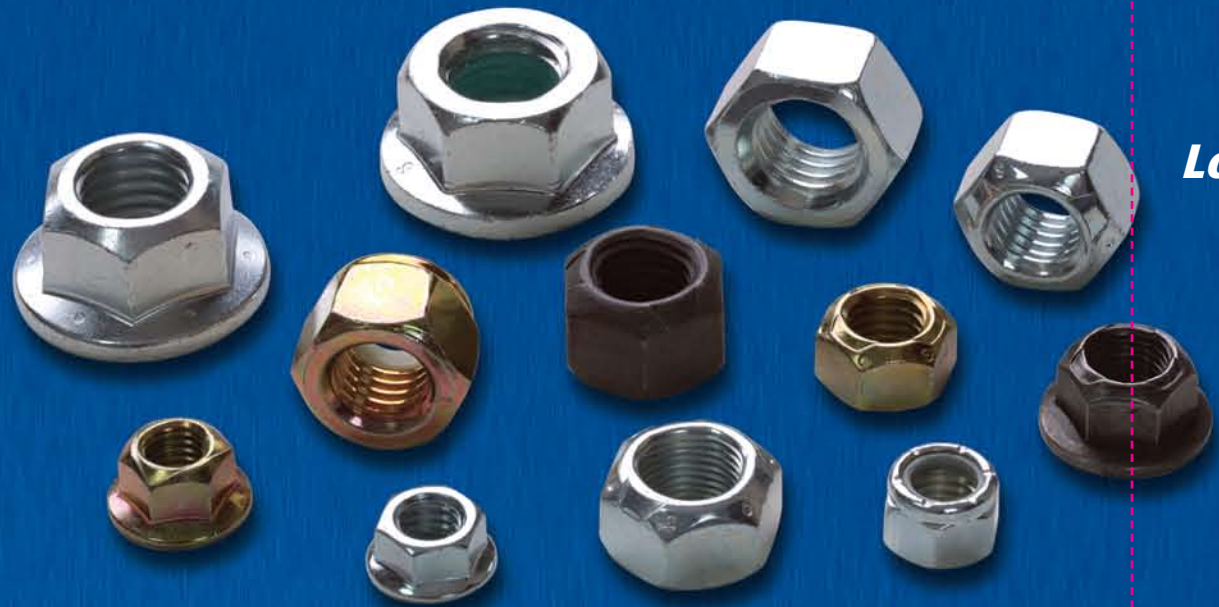

With over 25 years of producing Special and Standard Fasteners, Stelfast Inc. is the name you can trust providing the Service You Deserve. Visit us at www.Stelfast.com for additional information.
